diffuse light

Hanging lamp for diffused light, painted metal structure suspended with steel cable, diffuser consists of 30 elements in opal white polycarbonate superimposed. For Led bulb. Available also in 40 cm and 80 cm diameter.

The design inspiration comes from willing to propose in internal the lightness of a cloud where the light is filtered in a game of light and shadows created by the overlapping of diffusion elements and where the dream finds its origin and the space to appear and disappear again.
