

Light Module Colibrì Magnetic

1 module

Emiliana Martinelli

colors

Typology	Pendant Wall Ceiling
Utilisation	Indoor

24V 14 W 2311 lm

Modular System with swivel tubular modules, for LED light source. A spherical magnet joint allows Colibrì to be tilted at different angles, creating various configurations in the space it is placed in. Colibrì can be hung as single modules or joined through a power cable having 1/2/3 continuous modules. These can then be connected to the remote driver or placed inside the canopy. The color given by the iridescent radiant film exalts its dynamic characteristics (optional).

Dimmable driver on request

Family	Light module Colibrì Magnetic
Typology	Pendant Wall Ceiling
Utilisation	Indoor

Dimensions

Lunghezza	137 cm
Diameter	2,5 cm
Power supply cable length	400 cm
Weight	1.7 Kg

Materials

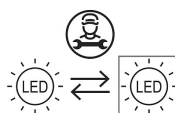

Structure	aluminium	Diffuser	methacrylate 040
-----------	-----------	----------	------------------

Voltage	24V	Watt	14 W
Power unit	Excluded	Lumen	2311 lm
Mounting Power Supply	External	CRI	>80
		Duration	50000 h
		CCT	3000 K
		Energy class	D

Certifications

EcoLabel
