Utilisation Indoor

230V 14 W 1400 lm

diffuse light

An inimitable lamp with a strong character designed by Gae Aulenti in 1965 for the Olivetti showroom in Paris in the colour dark brown.

It has been produced over the years in different colours and sizes: large, medium and mini. The mini version is also available cordless.

Now proposed in a pop key in the new signed and numbered yellow colour. The lamp is composed of a white opal methacrylate diffuser, a stainless steel telescope and a glossy yellow painted aluminium structure. The central ring, base and knob for fixing the diffuser are made of metal painted in glossy black.

The dimmable LED light source is integrated and the electronic ballast is plug-in.

Family	Pipistrello POP
Typology	Table Floor
Utilisation	Indoor

**Dimensions**

Height	70 - 86 cm
Diameter	55 cm
Power supply cable length	45+200 cm
Weight	9.6 Kg
